

Date: June 15, 2009

**To: Current and Prospective Canadian Central Office (CO) Code Holders in NPAs 204 , 450 and 705**

**Subject: Inputs required for April 2009 Jeopardy Numbering Resource Utilization Forecasts (J-NRUFs)**

Section 8.1 of the Canadian NPA Relief Planning Guidelines states that the Canadian Numbering Administrator (CNA) will declare a Jeopardy Condition in one of the following two situations:

- a) where the Canadian Radio-television and Telecommunications Commission (CRTC) has not yet established a Relief Method and Date and the CNA projects an NPA will exhaust within 36 months; or,
- b) where the CRTC has established a Relief Method and Date and the CNA projects an NPA will exhaust prior to the Relief Date.

As a result of the above provisions the CNA announced a Jeopardy Condition for NPA 450 on 10 November 2008 based on the results of the November 2008 Relief Planning Numbering Resource Utilization Forecast (R-NRUF)R-NRUF. After the analysis of the 2009 General Numbering Resource Utilization Forecast (G-NRUF) for NPA 204 on March 23, 2009 the CNA announced that NPA 204 is in a Jeopardy Condition. And after the analysis of the Revised 2009 General Numbering Resource Utilization Forecast (G-NRUF) for NPA 705 on May 13, 2009 the CNA announced that NPA 705 is also in a Jeopardy Condition

In accordance with section 8.2 of the Canadian NPA Relief Planning Guidelines and **section 3, item 3 of the** Canadian Numbering Resource Utilization Forecast (C-NRUF) Guideline, the CNA is required to request a Jeopardy Numbering Resource Utilization Forecast (J-NRUF) once a Jeopardy Condition has been declared for a specific NPA. Subsequent J-NRUFs shall be conducted by the CNA on a quarterly basis until relief has been implemented, unless otherwise directed by the Commission.

Accordingly, the CNA is providing the attached J-NRUF forms for completion by current and prospective CO Code Holders in NPAs 204 and 450 no later than **July 30, 2009**.

Each CO Code Holder that holds any CO Code assignments or reservations in NPAs 204, 450, and 705 or that intends to obtain any such CO Codes by January 1, 2015, must complete the corresponding J-NRUF Worksheet.

For the NPA 204 NPA 450 and NPA 705 J-NRUF Worksheets, current and prospective CO Code Holders are required to provide the total quantity of assigned and reserved CO Codes assigned to them as of January 1, 2009 and July 1, 2009 as well as the total cumulative quantity of existing and future CO Codes forecast to be assigned and reserved as of the first day of each quarter for the next five quarters, and then as of the first day of each year from 2011 up to and including 2015.

All completed J-NRUF forms must be returned to Suresh Khare of the CNA no later than **July 30, 2009**. The e-mail address is:

khares@saiccanada.com

All Code Holder inputs will be treated as confidential in accordance with the guidelines. Aggregate J-NRUF results for NPAs 204 , 450 and 705 will be posted on the CNA website at [www.cnac.ca](http://www.cnac.ca) once the information has been consolidated.

If you have any questions or concerns regarding any of the above reporting requirements, please call me or Suresh Khare at 613-683-3296.

Sincerely,

Glenn Pilley  
Director –  
Canadian Numbering Administrator
