Dear Mr. Pilley

Re: City Council Decision concerning the projected exhaust of Area Code 613

We wish to inform the 613 Relief Planning Committee and through it, the Canadian Radio-television and Telecommunications Commission, that at a meeting of Ottawa City Council held 23 January 2008, Council voted to support a distributed overlay approach to addressing the exhaust of the 613-exchange code in Ottawa.

Attached is an extract from the minutes of that meeting indicating the disposition of the item.

Sincerely,
