

Date: March 28, 2007

To: Current and Prospective Canadian Central Office (CO) Code Holders in NPAs 250, 403, 418 & 780

Subject: Inputs required for April 2007 Jeopardy Numbering Resource Utilization Forecasts (J-NRUFs)

Section 8.1 of the Canadian NPA Relief Planning Guidelines states that the Canadian Numbering Administrator (CNA) will declare a Jeopardy Condition in one of the following two situations:

- a) where the Canadian Radio-television and Telecommunications Commission (CRTC) has not yet established a Relief Method and Date and the CNA projects an NPA will exhaust within 36 months; or,
- b) where the CRTC has established a Relief Method and Date and the CNA projects an NPA will exhaust prior to the Relief Date.

As a result of the above provisions the CNA has identified, over the course of the past six months, four NPAs that are in a Jeopardy Condition. Jeopardy Conditions were announced by the CNA for NPA 250 on September 22, 2006 and on October 26, 2006 for NPA 403 based on the results of the July 2006 Relief Planning Numbering Resource Utilization Forecast (R-NRUF). After analysis of the January 2007 R-NRUF results for NPAs 780 and 418, the CNA declared Jeopardy Conditions on March 14 and March 23, 2007, respectively, for these two NPAs as well.

In accordance with section 8.2 of the Canadian NPA Relief Planning Guidelines and section 3, item 3 of the Canadian Numbering Resource Utilization Forecast (C-NRUF) Guideline, the CNA is required to request a Jeopardy Numbering Resource Utilization Forecast (J-NRUF) once a Jeopardy Condition has been declared for a specific NPA. Subsequent J-NRUFs shall be conducted by the CNA on a quarterly basis until relief has been implemented, unless otherwise directed by the Commission.

Accordingly, the CNA is providing the attached J-NRUF forms for completion by current and prospective CO Code Holders in NPAs 250, 403, 418 and 780 no later than **April 30, 2007**.

For the NPA 403, NPA 418 and NPA 780 J-NRUF Worksheets, current and prospective CO Code Holders are required to provide the total quantity of assigned and reserved CO Codes assigned to them as of January 1, 2007 and April 1, 2007 as well as the total

cumulative quantity of existing and future CO Codes forecast to be assigned and reserved as of the first day of each quarter for the next ten quarters, and each year up to and including January 2013.

Each CO Code Holder that holds any CO Code assignments or reservations in NPA 250, or that intends to obtain any such CO Codes by January 1, 2013, must complete the NPA 250 J-NRUF Worksheet. Current and prospective CO Code Holders must provide actual quantities of CO Codes assigned to or reserved for them as of January 1, 2007 and April 1, 2007, as well as a forecast of the total cumulative quantities of existing and future CO Codes forecast to be assigned and reserved as of the first day of each month up to and including December 2007, and then as of the first day of each year from 2008 up to and including 2013.

All completed J-NRUF forms must be returned to Suresh Khare of the CNA no later than **April 30, 2007**. The e-mail address is:

khares@saiccanada.com

All Code Holder inputs will be treated as confidential in accordance with the guidelines. Aggregate J-NRUF results for NPAs 250, 403, 418 and 780 will be posted on the CNA website at www.cnac.ca once the information has been consolidated.

If you have any questions or concerns regarding any of the above reporting requirements, please call me or Suresh Khare at 613-563-7242.

Sincerely,

Glenn Pilley
Director –
Canadian Numbering Administrator
