

**Promoting the introduction of new area codes in the
416/647 and 905/289 areas**

**Consumer Awareness Task force (TA)
Final Report**

19 April 2013

Communications Progress Report

This report is submitted to the Relief Planning Committee (RPC) and CRTC staff.

This report outlines the public relations activities that the Telecommunications Alliance and individual carriers have undertaken to generate awareness for the introduction of new area codes in the Greater Toronto Area.

About the Telecommunications Alliance

The Telecommunications Alliance has been put in place to manage the introduction of new area codes in the Greater Toronto Area in Ontario. Contributing members of the TA are: Bell, Rogers, TELUS and Vidéotron. The Alliance is chaired by Bell.

Target Audiences

- Businesses
- Consumers
- Media
- Government (municipal, provincial, federal)
- Business interest groups

Communication Objectives

- Generate awareness of the introduction of the new area codes in the 416/647 and 905/289 areas.
- Inform consumers and businesses
 - Make them aware that any new telephone numbers may be associated with the new area codes
 - Reassure them that there will be no changes in local dialing
 - Limit negative perceptions and reactions to the introduction of new area codes in the region.
- Provide the Telecommunications Alliance members with consistent, core communication materials to be used to generate awareness of these new area codes.
- Continue to lay the foundation for seamless addition of new area codes in the future.

Communication Strategies

The phase one—Awareness campaign—was to raise awareness of the introduction of new area codes.
Timeframe: September 2011 – December 2012.

The second phase—had the objective of ensuring that residents and businesses were aware that the new area codes 365 and 437 could start being used as of March 25, 2013.

Timeframe: January 2013– March 2013

Execution

PHASE 1–AWARENESS CAMPAIGN September 2011- December 2012

- Alliance web site: www.newareacodes.ca; www.indicatifregionaux.ca
- Media relations
 - Writing of key messages and question and answer document
 - Writing and issue of news release via CNW
 - Targeted distribution to business publications, regional media and web portals (65)
 - Media monitoring
- Information letter to Governments officials
 - Personalized letter distributed to Provincial and Federal elected officials and to municipalities located in the targeted areas. (180)
- Letter to Business associations and other Stakeholders
 - Development of an information document posted on the TA website (media and association section)
 - Mailing list includes Chambers of Commerce and business associations (130)

Phase 2– Action incentive Campaign January 2013– March 2013

- Media relations
 - Writing and issue of news releases via CNW
 - Targeted distribution to business magazines, regional media, web portals, etc.
- Media monitoring
- Communications with government, stakeholders and business associations
 - Reminder letters (drive-to-web).

Results

The Telecommunications Alliance communications campaign was successful in terms of providing information and raising awareness about the introduction of the new area codes.

- The media coverage was excellent with more than 230 articles and broadcasts throughout the campaign.
- All major dailies, TV and radio stations covered the story.
- All major news outlets in the GTA Tweeted the news.

- The TA web site generated a total of 73,000 visits for 2011-2013.
