

Canadian Numbering Administrator Administrateur de la numérotation canadienne

Date: 22 November 2023

On **11 December 2023**, the CNA will be modifying the CNA website to facilitate the addition of Postal Codes as part of the geographic Central Office (CO) Code status listings, based on an agreement reached at CSCN 127. This may affect users of the website who have automations that download CO Code status data.

The following changes shall occur:

1. Individual NPA status pages will be modified to include the 2-character Canada Post Province code immediately following the Exchange Area field for any CO Code that is in the status of “Requested”, “Assigned”, “In Service”, “New NPA Testing” or “Being Recovered”, where there would be an Exchange Area noted. An example of the CO Code status page for NPA 902 is below and contains the new Province field.

Canadian Numbering Administrator Administrateur de la numérotation canadienne

CO Code Status for NPA 902

Click on column title for single-column sort or use the filters by selecting categories/ranges or type-in boxes. Above the title columns, the rows visible and total are noted on the left, data-page navigation in the center and records per page and “Clear filters” function (✖) are located on the right. Download the [csv](#) format status file for advanced data filtering and sorting in a desktop spreadsheet application.

Rows: 1-100 / 800 Page 1 of 8 Records: 100 ✖

NPA	CO Code (NXX)	Status	Exchange Area	Province	Company	OCN	Remarks
902	200	In Service	Charlottetown	PE	Iristel Inc.	154E	
902	201	In Service	Charlottetown	PE	Iristel Inc.	154E	
902	202	In Service	Sydney	NS	Bragg Communications Inc.	421G	
902	203	In Service	Shubenacadie	NS	Bragg Communications Inc.	421G	

2. **CSV data files containing CO Code status data** for both individual geographic NPAs *and the compressed CSV data file containing all geographic NPAs* will be modified to include the 2-character Canada Post Province code immediately following the Exchange Area field for any CO Code that is in the status of “Requested”, “Assigned”, “In Service”, “New NPA Testing” or “Being Recovered”, where there would be an Exchange Area noted. An example of the CO Code status CSV data file for NPA 902 is below and contains the new Province field.

****NOTE THAT THIS CHANGE MAY AFFECT AUTOMATION SYSTEMS PROCESSING THE FILE:**

- The CO Code/Phone Number Lookup page will be modified to include the 2-character Canada Post Province code immediately following the Exchange Area field for any CO Code that is in the status of "Requested", "Assigned", "In Service", "New NPA Testing" or "Being Recovered", where there would be an Exchange Area noted. An example of the resulting table if Area Code 902 were used in the lookup is below and contains the new Province field.

CO code status data is published to the www.cnac.ca website from the CNAS master database every night from Monday through Friday.

NPA	CO Code (NXX)	Status	Exchange Area	Province	Map Link	Company	OCN	Remarks
902	200	In Service	Charlottetown	PE		Iristel Inc.	154E	
902	201	In Service	Charlottetown	PE		Iristel Inc.	154E	
902	202	In Service	Sydney	NS		Bragg Communications Inc.	421G
