

Promoting the introduction of new area code 584 in Manitoba

Progress Report #2

November 2022

This final report is submitted to the Relief Planning Committee (RPC) and CRTC staff for the 204/431 overlay project. The report outlines the public relations activities that the Telecommunications Alliance (TA) has undertaken to generate awareness for the introduction of the new 584 area code in Manitoba. Also included in this document are the reports submitted by individual carriers.

About the Telecommunications Alliance

Canada's major telecommunications service providers have joined forces to develop communications campaign informing the public about the introduction of new area codes in certain calling areas.

Communication Strategies

Since there were no changes in local dialing patterns, the main component of the communication campaign was to conduct a targeted PR campaign to ensure awareness of the new area code with local media, government, businesses and residents.
